The Cowardly House

For four plus years, House Democrats, Leftist, and socialists viciously attacked Trump to rid him of his presidency. They did not succeed and he completed his presidency.

All of their actions used lies, misdirection, falsifying documents, false testimony, and intimidation. Because of her intense anger and hatred for Trump, Pelosi was the public figurehead in this movement, but she did not act alone.

Once Trump was out of office, Pelosi turned her attention, along with the media and big Tech toward punishing anyone who supported, stood up for Trump, or challenged her leadership abilities. Pelosi is acting out all of the traits she and the left have accused Trump of.

Now, Pelosi and her ilk, want to be the domineering parents who tells everyone who disagrees with them to shut up and sit down. In other words, they want the opposing Republicans to disappear.

Her actions are sickening and untrustworthy. The Left, media, big Tech, and Pelosi, all, present an unwillingness to unify our nation, and are perfect examples of what criminal gangs are about.

Pelosi, the Left, media and big Tech are nothing more than – BULLIES and COWARDS!

Gangs rely on fear– STAND UP TO THEM.
